

INTRODUCING....

www.rollemusa.com

The most advanced and fastest method
of producing high quality gaming
and playing cards ever!

THE **ROJEM** REVOLUTION

The Rollem Revolution will start with full printed sheets and end with perfect casino quality cards in one completely automatic system. The Revolution drastically increases productivity with its in-line two-directional cutting, collating and die-cutting capability at processing speeds up to 40 packs per minute – all this with just one operator!

- ▶ Process sheet sizes from 29" x 30"
- ▶ Perforating & scoring options
- ▶ In-line shrink wrapping or over-wrapping options
- ▶ Process sheets from 50lb offset to 30 pt board
- ▶ Cut card sizes from 1 7/8" minimum and upwards

The Revolution works equally well on all of these applications including:

- ▶ Playing Card
- ▶ Trading Cards
- ▶ Coupons
- ▶ Post Cards
- ▶ Lottery Tickets
- ▶ Telephone Cards
- ▶ Game Cards
- ▶ Business Reply Cards
- ▶ Event Tickets
- ▶ Greetings Cards
and much more.

You have never seen anything like the Rollem Revolution for the ultimate in finishing efficiency and quality. Give us a call and let's discuss how we can eliminate excessive labor, improve the quality of your finishing AND increase your profitability.
