

## Open new Revenue Opportunities in Die Cutting with Insignia!

Maximize your HP Indigo with the **Insignia Sheet-fed Flexo-magnetic Die Cutter** to expand your business with high value **Packaging, Promotional, and Direct Mail products.**

- Live die cutting demonstrations showing Insignia's **ease of operation and quick changeovers** while learning about flexible dies.
- Talk to us about your specific applications.
- Produce **folded cartons, presentation folders, hang tags, gift card holders** and much more.
- **Die cut, kiss-cut, emboss, score, cut-score and perforate substrates up to 30 pt. thickness.** Visit [www.insigniadiecutting.com](http://www.insigniadiecutting.com)

We maximize sheet imposition of this 2-up luxury cruise brochure using every valuable inch of space.

- Sheets are trimmed, slit, scored and perforated - **all in one pass** eliminating the need for guillotine cutters and excess manpower.
- **Convert postcards, business cards, photo cards, lottery ticket, retail shelf tags, tickets, and direct mail products.**
- This modular unit operates as a stand-alone system or, **in-line with UV coaters** or digital presses. Adding a folder/gluer unit to the Jetslit creates a fully automated **direct mail finishing** system.
- Jetstream is the choice of many of the top web-to-print companies.
